

How time flies!

It is the 10th anniversary for the Department of Buddhist Studies since it was established in the summer of 2007. At first, there were two programs, which were the MA program in English track and the undergraduate program. In 2012, both the MA program in Chinese track and the Ph.D. program were formed as making the Department be complete on its academic discipline. The Center for Buddhist Studies, with assistance by Fo Guang Shan, was established at Fo Guang University in 2013 as directly being administrated by the University. The Center, as a research center with its role on academic study, and the Department, as an institution on academic discipline, are functioning side by side with well development. The faculty of the Department includes scholars on Buddhist studies with their specialties in various research fields, mentors who live with and take care of students, and students who are in great passions for their lives. The Department cannot be as what it is today as the 10th anniversary without having these people and their efforts and contributions. It is not easy to make the Department as what we see today. There must had a lot of good memories that you had with the Department during the past ten years. As for the celebration of the 10th anniversary of the Department, we organize an event, "The 10th Anniversary Celebration of the Department of Buddhist Studies - Alumni & Parents' Party." We invite those of you who were faculty members of the Department and alumni to join with us in the event on December 22nd (Fri.) and 23rd (Sat.), 2017, at the Department of Buddhist Studies as a re-connection and gathering together to share good memories that you had in the past and the present as well as to get to know new people and visit the Department. We hope that your visit of the Department will bring you with some good memories of your life of study that you had with us here in the past. On the other hand, the event will be a good opportunity for parents of current students to meet with teachers as an exchange of opinions about education. In addition, meeting with alumni of the Department will give parents some chances to know about the future of their children.

Sincerely yours,

The Dean of the College of Buddhist Studies 萬金川

The Chair of the Department of Buddhist Studies 郭朝順
